

LEADERSHIP TRAINING

*By School Nurses, For School
Nurses, To Lead School Nursing*

SAPHNA's Leadership Training programme is exclusively for SCPHN School Nurses, designed to equip participants with the personal and collective leadership skills necessary to lead, advocate, and influence within the unique landscape of public health school nursing.

15 hours of training delivered over either 2 full-day sessions or 4 part-day sessions.

A session dedicated to sharing your service development project.

A mix of facilitated and self-directed Action Learning Sets.

Support to plan a project aimed at improving practice in your local area.

Ideal for individuals or whole organisations wanting private training.

Discounts for SAPHNA members and group bookings.
